Application GRANTED. The parties shall file their joint-status letter no later than **August 4, 2021. SO ORDERED.**

Barbara Moses  
United States Magistrate Judge  
August 4, 2021

Re: In the Matter of the Complaint of Miller's Tug and Barge, Inc., et al.,  
20 Civ. 562 (ALC)(BCM)

In the Matter of the Complaint of Tappan Zee Constructors, LLC  
20 Civ. 2657 (ALC)(BCM)

Dear Magistrate Judge Moses:

Our office represents the claimants, John and Nikki McLoughlin, in these matters. The purpose of this letter is to request a one-day extension on the time for filing a status letter preliminary to the conference to be held before you on August 10 at 8:30 a.m.

Counsel have been busy analyzing their files in order to file a comprehensive status letter. Further, some counsel are attending a detailed engineering inspection of the remnants of the spud wire that failed on the dive barge, permitting the spud to fall, the result of which ejected steel projectiles, one of which nearly amputated my client's leg. The engineering inspection is expected to last most of the day, and the parties want to include in the status letter information related to it, and how analysis and production of the results will affect the timing of ongoing discovery.

Kindly let us know if the court approves the one day extension.

Respectfully yours,

HOFMANN & SCHWEITZER
